

FLOWING WITH EXCELLENCE

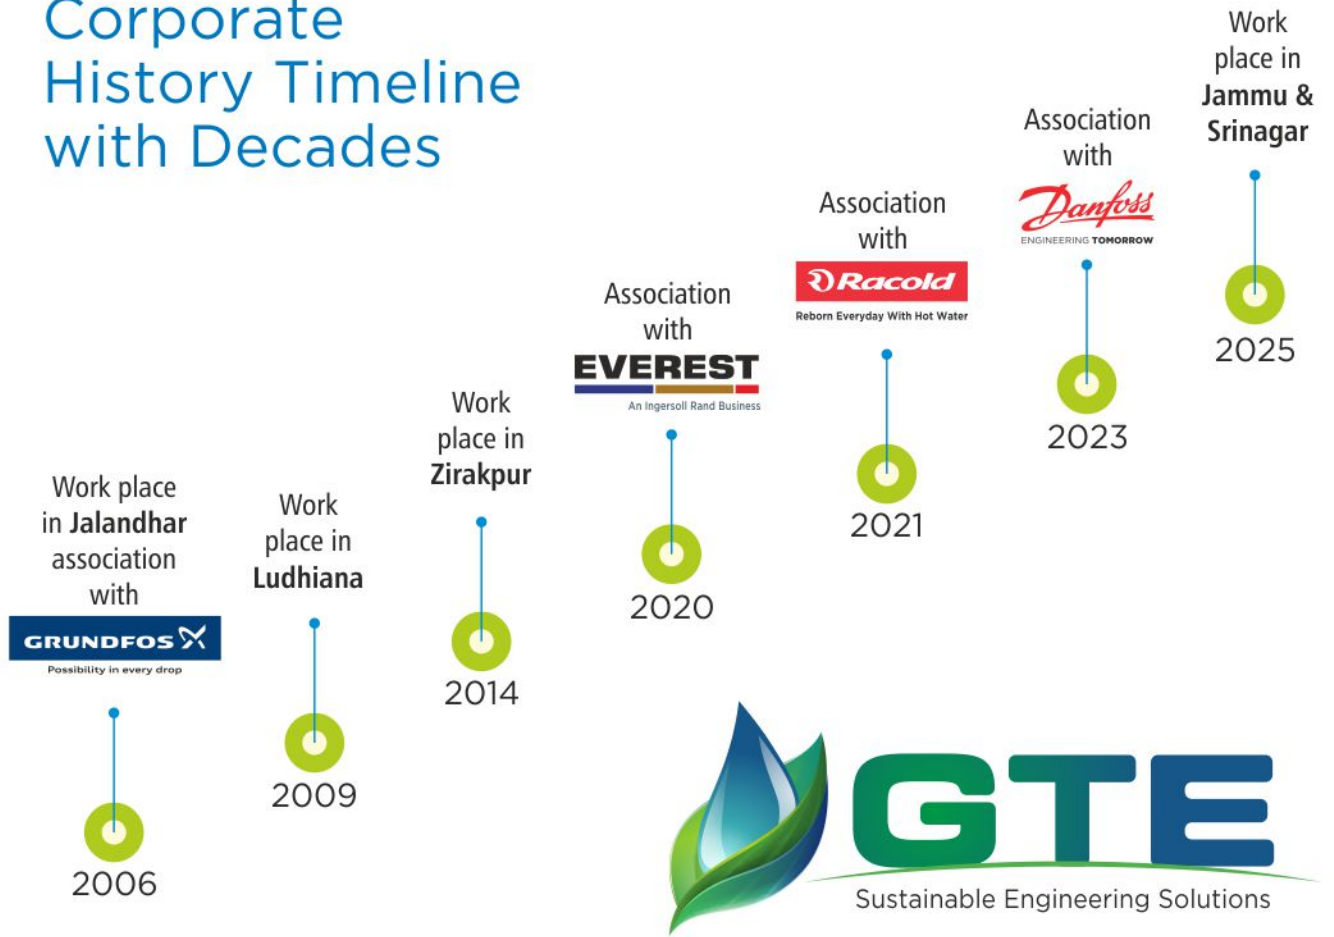

GTE

Sustainable Engineering Solutions

GLOBAL TRADING ENGINEERS

Corporate History Timeline with Decades

*Growing Forward,
Always*

Strategic Partnerships & Industry Leadership

We have built robust alliances with some of the world's leading manufacturers, enhancing our technical capabilities and expanding our value proposition:

- Grundfos Pumps India Ltd
- Danfoss Industries Private Ltd
- Everest Blowers
- Racold Heat Pumps

These partnerships allow us to integrate **cutting-edge technologies** into our offerings, ensuring optimal performance and reliability.

Our Expertise: Sectors We Serve

We provide high-performance, customized engineering solutions across diverse sectors:

- **Industrial Applications** - Tailored engineering systems for manufacturing and processing industries.
- **Commercial Building Services** - Advanced HVAC, water distribution, water heating and wastewater management solutions for modern infrastructure.
- **OEM (Original Equipment Manufacturers)** - Precision-engineered components and systems for specialized equipment and machinery.
- **Government & Public Sector** - Innovative, sustainable water solutions tailored for public infrastructure, utilities, and government facilities.

- **Team Strength:** 35+ skilled professionals
- **Annual Turnover:** 320 million
- **Strategically Located Offices:**
 - Jalandhar
 - Ludhiana
 - Zirakpur
 - Jammu
 - Sri Nagar

Geographical Reach

Our operations span across key regions, ensuring prompt and efficient service delivery

- Punjab
- Haryana
- Ladakh
- Himachal Pradesh
- Jammu & Kashmir

PRODUCT RANGE

Possibility in every drop

As the world's largest pump manufacturer, Grundfos offers a comprehensive range of pumping solutions renowned for their efficiency and reliability

ENGINEERING TOMORROW

Danfoss is a global leader in energy-efficient solutions, providing advanced drives and controls for various applications.

LT & VFD Automation Panels

VLT HVAC Basic Drive FC 101

VLT Micro Drive

iC2-Micro

Reborn Everyday With Hot Water

Racold specializes in innovative water heating solutions, ensuring comfort and energy savings.

Recold Domestic & Commercial Water Heater Pump

EVEREST

An Ingersoll Rand Business

Everest offers high-performance blowers and vacuum systems, catering to diverse industrial requirements.

Tri Lobe Air Blower

Twin Lobe Air Blower

Our Esteemed Clients

We have had the privilege of serving a wide array of clients across various sectors.

Varun Beverages Ltd

With the Vision

To be the most preferred engineering solutions provider, delivering sustainable, high-performance and cost-effective systems that empower infrastructure development while preserving environmental integrity.
